David Butler, Esquire
Public Service Commission of South Carolina

Re: • Docket 2017-370-E
 • **Proposed Language for Use in Final Order**

Mr. Butler:

Please see Transcontinental Gas Pipe Line Company, LLC's ("Transco") proposed language for use in the Commission's Final Order. I am e-filing the same, today.

As you are aware from previous filings, Transco has previously settled its' issues in the above captioned matter with SCANA Corporation and Dominion Energy, Inc., and submits the operative paragraphs from that Settlement Agreement for incorporation into a comprehensive Order that the Commission crafts from one or more of the Orders being submitted to it. Because the Settlement Agreement is subject to the actual closing of the merger between SCANA Corporation and Dominion Energy, Inc., it might be best placed in the "Merger Conditions" portion of the Order, but Transco is of course, satisfied with the Commission's decision.

Please also note that Transco does not oppose the approval of the business combination between SCANA Corporation and Dominion Energy, Inc. and also does not oppose this Commission's approval of any one of the three Customer Benefits Plans, which are commonly referred to as Plan A, Plan B, and Plan B-L.

Thank you for your attention and if you have questions or concerns please let me know.

Respectfully Submitted,
AUSTIN & ROGERS, P.A.
